

Kinship Carers Liverpool

Legal Advice - A Guide for Kinship Carers

We strongly recommend you access independent legal advice at the earliest possible stage in your kinship journey

June 2018 - Leaflet 3

Q. Where can I get some specialist support about my kinship family legal situation?

A. Kinship Carers Liverpool has been working with some family law solicitors locally to establish the Kinship Legal Advice Network. The aim is to work to build up expertise of the legal advice sector in the city around kinship legal orders and the challenges around this.

Liverpool Kinship Legal Advice Network: Solicitors' Listing: one of the resources we have developed for prospective or current Kinship Carers is a listing of those solicitors who have an expertise in this area of family law. You can download this on our website: www.liverpoolkinshipcarers.co.uk or contact us if you would like us to send you a copy.

Q. Which other legal advice services can I access?

A. Law Clinics – Liverpool - we work in partnership with the two Law Clinics in the city based at the University of Liverpool and Liverpool John Moores University Law Schools. Both offer pro bono/free Family Law Legal Advice sessions and you may be able to access these if eligible. In very high demand, these services are usually term-time only are staffed by qualified solicitors volunteering their time, supported by law students.

The University of Liverpool also runs a term time advice clinic for parents or carers of a child with disabilities or long-term illness in relation to access to services and education.
